

To: A.M.S.A.

... just a note of congratulations, appreciation & encouragement regarding your continuous efforts - especially during this Sydney to Hobart yacht race.

You're all doing a fantastic job & the around the clock effort must take a considerable amount of your energy & resources. Believe me when I say that it's greatly appreciated.

The A.M.S.A. has come a long way since its establishment & you should be proud.

My thoughts are with you,
Regards,

Susan McKenna.
